- **Alarms:** Sleep timer
- **Display Digits:** 5
- **Backlight color:** White
- **Display Type:** LCD

Accessories

- **Included Accessories:** User Manual, Audio Cable, AC-DC Adapter

Dimensions

- **Product dimensions (W x H x D):** 260 x 137 x 141 mm
- **Product weight:** 1.67 kg
- **Master carton quantity:** 2

Power

- **Battery type:** LR20
- **Battery voltage:** 1.5 V
- **Mains power:** 220-240V
- **Number of batteries:** 6

Loudspeakers

- **Main Speaker:** 3" full range woofer

Product highlights

Bass Reflex Speaker System

Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system. It differs from a conventional loudspeaker box system in the addition of a bass pipe that is acoustically aligned to the woofer to optimize the low frequency roll-off of the system. The result is deeper controlled bass and lower distortion. The system works by resonating the air mass in the bass pipe to vibrate like a conventional woofer. Combined with the response of the woofer, the system extends the overall low frequency sounds to create a whole new dimension of deep bass.

Built-in alarm and sleep timer
